

Learn. Care. Flourish.

Sacred Heart College is imbued with a rich history of the Mercy tradition in Catholic education.

We are a forward thinking rural community that embraces 21st century educational experiences, all underpinned by engagement, excellence in learning and teaching and authentic, nourishing relationships!

Our commitment to and enthusiasm for the future is neatly summed up by the College's motto, 'Semper Fidelis', Faithful Always.

We welcome young people from Kyneton and the Macedon Ranges to learn, care and flourish with us.

All aspects of College life are inspired by the life and words of Jesus Christ.

In the Sisters of Mercy, and their founder Catherine McAuley, our students see exemplary lives. These dedicated role models guide us to serve the most vulnerable, in our own towns and beyond.

As a community, and as individuals, our staff and students commit to the College's core values: Compassion, Courage, Respect, Hospitality, Justice and Service.

**LEARNING**

At Sacred Heart College, young women and men flourish in a learning and teaching environment that is creative, personalised and outward looking.

Our teachers are innovative, work collaboratively and seek to nurture students as resilient, independent and self-motivated learners.

As a medium-sized secondary school, the College offers students a rich and broad choice of educational pathways into tertiary studies, vocational education and/or employment.

"I have come that you may have life, and have it in abundance." (John 10:10)

Students are provided with outstanding academic opportunities as well as a range of social, psychological, spiritual and emotional resources that enable them to prosper.

A Sacred Heart College education is holistic with a well-resourced and comprehensive Performing Arts program that enriches the learning experience for all students.

**RELATIONSHIPS**

At Sacred Heart College, it is important that every student is known and feels safe as they navigate new experiences and develop contemporary life skills.

The way our community cares inspires resilience, empathy and tolerance. These attributes enable our young people to become courageous and confident adults.

Our teachers work closely with parents, families and outside agencies to ensure that each young person can flourish!

"Take care of the Sisters, after I have gone, be sure to have a good cup of tea ready for them." (Mother Catherine McAuley)

As members of a College community imbued with the Spirit of Mercy, Sacred Heart students are distinguished by their commitment to hospitality, service and compassion.

Mercy is not a passive word; it calls students to action. Our young people care and they are deeply involved in their local communities. They are challenged to 'embrace the Other', to live out Jesus' demand to love one's neighbour as oneself.
