

Prayer

*Whatever troubles may be before you, accept them cheerfully,
remembering whom you are trying to follow.*

Do not be afraid. Love one another.

Bear with one another, and let charity guide you in all your life.

(The last typed letter of Mary MacKillop on 12th January 1909 to the Sisters of St Joseph)

*Saint Mary of the Cross MacKillop,
teach me to trust in God
that God will provide what is needed for me
to be a person of compassion.*

Amen

PRINCIPAL'S MESSAGE - Dr Darren Egberts

This week's reflection and prayer reflects the coming feast day of Australia's first saint, Mary of the Cross MacKillop, whose feast day is next Monday 8 August. The significance of the day for our country is particularly highlighted for me given I spent ten days in pilgrimage following her life earlier this year.

Third term is well underway with a number of activities returning to College life, some of these are especially welcome after two years of Covid-19 interruptions. In particular, I would like to start my article by celebrating the students who performed in last Thursday night's Ensemble Evening in the Mary Moloney Theatre. The joy, enthusiasm and talent on display gave the night a fantastic atmosphere with many commenting that it was the best evening at Sacred Heart for several years.

The Ensemble Evening is only one example of many excursions, incursions and camps this term that signal a return to the holistic education that is fundamental to Sacred Heart College. We look forward to Arts Week, Sacred Heart College's production of *'The Dream'*, Year 10 Ski Camp, Reflection Days and Mercy Day.

Prospective Sacred Heart College Enrolments

Thanks to all the families (both current and future) who submitted enrolment applications ahead of the closing date for Year 7 2024 (last Friday 29 July). Enrolment interviews for these applications will be held in a couple of weeks, with families to receive details on these in coming days.

Limited enrolment places for 2023 remain available for Years 8 – 12 students at Sacred Heart College. Please contact the College Registrar, Mrs Denise Lawrence (dlawrence@shckyneton.catholic.edu.au) on 5421 1200 for an enrolment pack or College tour.

Illness and Covid Student Absences

Although this week has seen the first hint of Spring in sunshine and double-digit temperatures, the numbers of students and staff away from school due to cold, flu and Covid-19 remains high. I want to thank all families who are remaining cautious and keeping students at home while they are symptomatic, encouraging the wearing of masks when indoors and ensuring that the full seven-day period of isolation applies if a positive Covid-19 test is received.

We have received some enquiries from parents concerned that student absences, resulting from illness or isolation, may affect overall attendance levels resulting in students falling below the required 80% attendance levels (particularly important in Senior School). Students are not penalized for illness, isolation or Infectious disease, however, unexplained absences will be followed up by the Homeroom teacher or Year Level Leader, as time spent in class is extremely valuable.

Further details for senior students can be found in the **Senior School Policy Handbook** which is available in **PAM – Documentation for Families**.

Yours in Mercy,

Dr Darren Egberts
Principal

DEPUTY PRINCIPAL - STUDENT WELLBEING - Julie Mortimer

*Sacred Heart College is committed to promoting the safety, wellbeing and inclusion of all children.
Further information about Child Safety at SHCK can be found on the College website.
<https://www.shckyneton.catholic.edu.au/our-college/child-safe/>*

WELLBEING WEEK

This week, Sacred Heart celebrated Wellbeing Week. Organised by the Student Wellbeing Cabinet and College Counsellors, its purpose is to highlight the importance of looking after your Mental Health. Activities and events across the week provided some different and fun experiences for students in Homerooms, recesses and lunchtimes, with money raised from a College bake sale for Beyond Blue. This week will be the springboard for more Mental Health awareness, as like all schools, we have found the mental health of many students and parents following Covid is less than optimal. Well done to our Captains, Macy Geisler and Poppy Mills and to the Senior and Junior College Cabinet who supported them.

LANGUAGE AT SCHOOL

One very concerning effect of lockdowns has been student behavior, and the way in which some of them speak to both staff and to each other. This has been a shock to us all, as it was not our experience before Covid. We have all realised the importance of constant re-enforcement in terms of how to behave in a classroom and how to positively interact with others. This is particularly apparent in our junior years. Many have not had a whole year of school since Grade four or five, and did not have enough years of schooling prior to this to have formed firm habits. Schools are needing to go back to the basics in terms of expectations and we would appreciate your support in this. We have a broad range of personality types, as do all schools, and we celebrate this diversity. Everyone has the right to feel safe, included and supported. Those who do not understand this, and think it is funny to make inappropriate comments at other peoples' expense, are being dealt with seriously. It is important that children get the message that it is never all right to humiliate, denigrate, vilify or harass anyone else. These are important conversations to be had at home as well as at school.

Bereavements - Your prayers are asked for the following families who are mourning the passing of a loved one recently. The Vella family on the passing of Sam Vella, grandfather of Eva 11E. The Paine family on the passing of Colin Tyrer, grandfather of Lily Paine 10D and the McCarthy family on the passing of Peter Anderson, father of Holly McCarthy, staff member.
Our thoughts are with you all at this sad time.

CALENDAR DATES

- Mon 8/8** - Year 9 (Yr 10 2023) Subject Selection Information Session 9.00am
- Unit 2 Environmental Science Excursion to Ecolinc
- VET Year 1 Animal Care - Visit to Daryl Sheridan's Farm

- Mon 22/8 to Fri 26/8** - Year 10 Ski Camp

VCE NEWS - *Peita Rocard, VCE Coordinator*

SAVE THE 'GAT' DATE!

The General Achievement Test (GAT) has been scheduled for Wednesday 7 September. This year it consists of two sessions (am/pm). All students enrolled in Unit 3-4 sequences and Senior VCAL are required to attend school on this day. All students must report to the Atrium by 8.45am for Session One which runs from 9.30am – 11.45am. The afternoon session runs from 1.15pm- 3.00pm, only VCE students are required for this session. All VCE classes are cancelled on this day. A brochure with further information for Parents is linked <https://www.vcaa.vic.edu.au/Documents/GAT/VCAAGATParentInformationSheet.pdf>. Further information will be provided via Operoo this week.

VCE PRACTICE EXAMINATIONS

Practice examinations will be conducted for students in the second week of the holidays, Monday 26 – Thursday 29 September. The purpose of our practice exam program is to provide our students with the opportunity to complete an exam for each of their subjects under the same conditions that they will experience in their VCAA end of year exams. Our VCAA supervisors will be employed to facilitate both the practice and end-of-year exams. Exams will be marked by teachers with extensive feedback provided to students.

The students will be provided with a Google form link in Week 5, to allow them to nominate their preferred times for completing their practice exams. An Operoo will also be generated with further information.

Check upcoming Newsletters for some revision and study strategies, which will also be provided to students over the coming weeks.

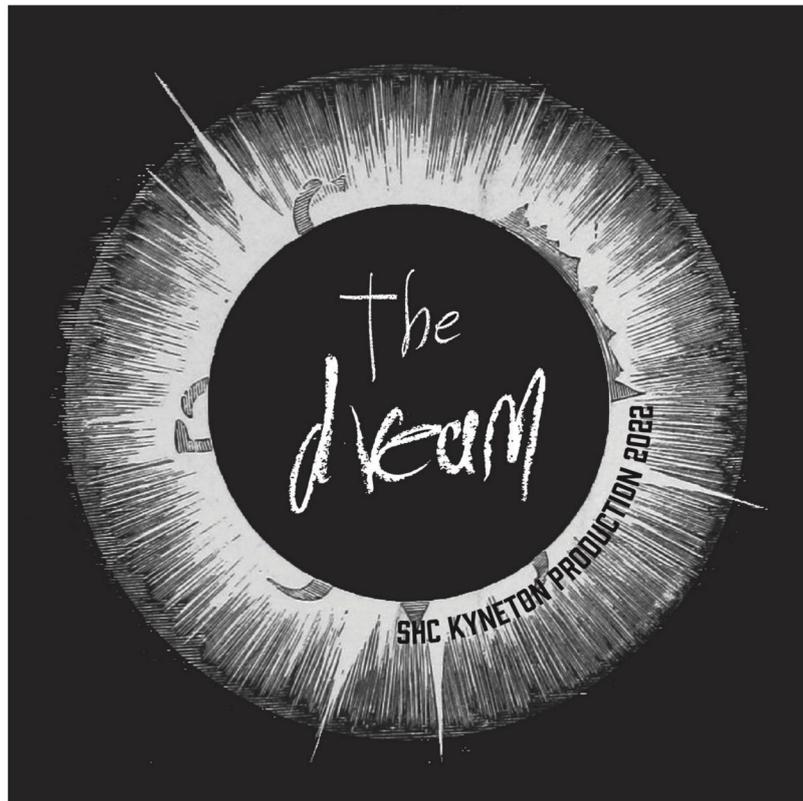

ACARA trial

On Wednesday 3 August, selected Year 7 and 9 students participated in a trial to improve the administration of NAPLAN. Students were complimented by the external invigilators of their positive participation, politeness and their ability to listen to instructions.

The data from the trial will be utilized by ACARA to better write questions for future NAPLAN assessments, which will then allow teachers to obtain a picture, at a moment in time, of their students with an aim to improving learning outcomes.

After the final task the students were rewarded with a light lunch of pizza. Congratulations to all students who participated.

Wellbeing Week

Wellbeing Captains - *Macy Geisler and Poppy Mills*

This week was Wellbeing Week, and as a team we recognised the perfect opportunity we had to promote our school community's health and wellbeing.

Over the course of the week we ran various activities that included meditation, free sausage sizzle, sport competitions and creative workshops. It was important to target each aspect of wellbeing as it brought the student body closer as a whole, and created a comfortable and safe environment.

On Tuesday we organised a bake sale during lunch time, to raise money for 'youthbeyondblue' which is a support service that aims to help young people understand and look after their mental health. We were excited to raise approximately \$230.00. We are also creating a wellbeing portal on SIMON where students can access numerous resources to seek guidance and information surrounding wellbeing. We thank you all for your continued support and participation, wellbeing week could not have been possible without the help of students and teachers.

As we progress further into Semester Two, it won't be long before Senior School students start assessment tasks for their subjects. Developing good learning routines through the use of a study timetable can manage workflow and stress levels during a period of increased school work. A study timetable allows students to track their time as they find the balance between study, sport, extracurricular activities, socialing with friends and part time work.

Part time work is a fantastic way for young people to develop their independence, contribute to the local community and develop relationships with people in a different setting. There are many positives to part time work, however it is important not to over-commit and work too many hours. Ideally a student would work between 10-12 hours per week, with a maximum of one shift during the school week and one shift on the week-end. Anything above this impacts a students ability to complete homework, prepare for assessment tasks, as well as the potential impact on sleeping patterns The article [Should my teenager have a job?](#) provides some perspectives around part time work for students.

2023 Subject Selection

Subject selection for 2023 continues for Year 10 (Year 11 - 2023) and is about to commence for Year 9 (Year 10 - 2023). We have collected all of the subject selections for Year 11 (Year 12 - 2023). I would like to thank all Year 11 students for meeting the timeline, when submitting their subjects. Please note the timeline in the table below. More information will be available via Operoo.

Process	Year 9 2022 (Year 10 – 2023)	Year 10 2022 (Year 11 – 2023)	Year 11 2022 (Year 12 – 2023)
Student Information Session	Monday 8 August Homeroom and Period 1	Completed	Completed
Parent Information Session (Online Via Microsoft Teams)	Tuesday 9 August 7:00pm	Completed	Not applicable
Operoo due: <ul style="list-style-type: none"> • Subject Selection • Acceleration application 	Friday 26 August 5:00pm	Friday 19 August 5:00pm	Completed

Please note: We are changing our online meetings from Zoom to Microsoft Teams. You can access the link without a Microsoft account. Please see the information below:

Join a meeting without a Teams account

1. Go to the meeting invite and select **Join Microsoft Teams Meeting**.
2. That will open a web page, where you'll see two choices: **Download the Windows app** and **Join on the web instead. ...**
3. Enter your name and choose your audio and video settings. ...
4. When you're ready, hit **Join now**.

It is a joy to be able to offer our Year 8, 9 and 10 students a Reflection Day in Term 3. It has been a while so it's even more exciting that we can return to our normal business and nourish the faith and spiritual person. Here's what's coming up:

- **Year 10 Reflection Day** is on Friday 12 August at St Mary's Hall in Kyneton. The presenter is Chris Doyle from Karisminiteries, Sydney.
- **Year 9 Reflection Day** is on Thursday 25 August at Campaspe Downs. The Youth Mission Team will be facilitating the day.
- **Year 8 Reflection Day** is on Wednesday 7 September at the College. Gen Bryant will feature in our day where music will be a major factor.

I encourage all our families to support Sacred Heart, and our students, in this important Faith and Spiritual Program. Developing all facets of our young people is so important in the life at the College.

Attendance at the Reflection Days is compulsory and we urge parents and carers to support us in our endeavours.

FIRST HOLY COMMUNION PREPARATION

We invite all families who have children in Grade 4 and upwards, and don't attend St Mary's School Castlemaine, to register their interest by contacting the Parish Office on 5472 1900.

We intend to begin preparation very soon. The actual celebration will be on Sunday 28 August at 10.30am Mass at St Mary's Church. All welcome.

Resilient Youth Survey

Resilience and wellbeing are key factors to ensure a happy and fulfilling future for our young people.

This year Sacred Heart has chosen to partner with Resilient Youth Australia, who have surveyed more than 350,000 Australian school students aged 8-18 over recent years.

We will administer surveys for each component of our College Community (Students, Parents/Guardians and Staff). The surveys typically take 20-25 minutes to complete. The online Surveys will be administered as follows:

- Student Survey: **Thursday 4 August**
- Parents/Guardians: Surveys available between **Monday 1 to Friday 19 August**

To start the survey: <https://rysurvey.org/>

Parent/Guardian 2022 Resilience Survey six-digit Access Code is: **645687**

For the best survey experience, please use Google Chrome, Mozilla Firefox, Safari or Microsoft Edge (whether on a desktop, laptop, tablet or phone). Internet Explorer does not support the survey.

The data from the surveys will be reported in aggregate descriptive form only, by year level and gender, and no individual student, parent/guardian responses can be identified.

The survey is completely voluntary and anonymous. The survey collects the self-reported resilience and wellbeing of students and College community, and will provide valuable information to assist us create and maintain the best culture of wellbeing and resilience that we can.

If you have any questions or concerns regarding your child's participation in this survey project, please contact **Paul Matthews** at pmatthews@shckyneton.catholic.edu.au.

Teachers' Tales

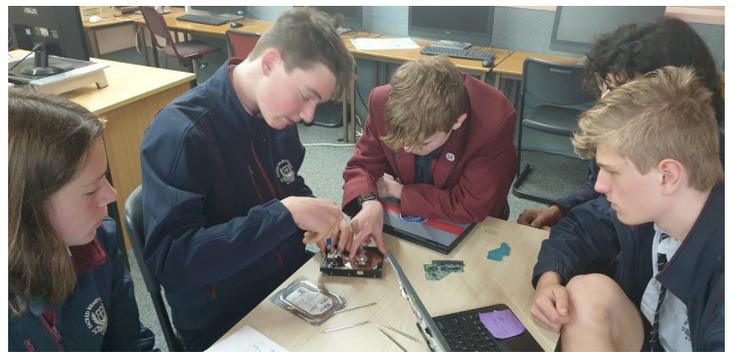

Why I chose to teach

Teaching is a journey, and it is a life-long commitment. Many of us chose to become teachers in the hopes of being a positive influence in the students' lives, inspiring and motivating them to achieve their potential. At times, the journey to get there can be challenging, with many bumps along the road, but it is worth remembering that bumpy roads are part of the journey. The challenges we encounter teach us to tap into our internal power and grow into our full potential, to persevere, not to give up, and to remember that often, bumpy roads lead to beautiful destinations. When the destination is reached, we realise how much we have learned along the journey.

Every day is different for teachers, and the successes and rewards can be immediate or long term. Satisfaction arises from knowing we have made a positive difference to our students. We may not reach all of the students in a significant way all the time, but the ones we do reach, we know we are help to shape their futures and the person they can become.

It is pleasing to see this in action in our classrooms, students interacting with each other, helping, and supporting each other. We were proud to see it recently happening in the Year 9 computing class, where we had the opportunity to observe the students sharing their skills, working together and supporting each other as we pulled apart a computer to figure out how it worked.

It's the moments like these that are why we get into teaching, and remind us why it is all worth it in the end!

Last week provided a number of wonderful milestones for our Music Department. Year 12 student, Harrison Gatt, recently sat his AMEB Grade 8 Trumpet examination. This is an incredibly complex undertaking with significant musicianship and technical demands. Harry, true to his nature of excelling, achieved an A+ (High Distinction). This is no mean feat – much work and dedication went into achieving this outcome, and we offer Harry a very hearty congratulations!

On Thursday night, we held our Ensembles Concert in the Theatre. We have not been able to host a major Music event where the greater Sacred Heart community was involved, since November 2019. The evening featured a number of ensembles: Percussion, String and Guitar groups, various choirs, Piano duets, our College Pianist, two College-based bands and of course, our College Show Band. The students rehearsed throughout the day, getting to know the performance environment and protocols involved in a formal performance, which led to highly-polished performances. The atmosphere in the room was incredible – the joy was truly palpable. I am incredibly appreciative to all of the performers, Music staff, leadership, AV, Accounts, and Catering staff who contributed to this excellent event. An enormous thank you, and doff of my cap, to the members of our Friends Of the Music Program (FOMP), who provided much of the logistical preparation and support on the night!

The following night was also pivotal for many of our young musicians who were involved in the MRSC Battle Of The Bands. Please see the newsletter article by one of our College Music Leaders, William Shaddock, for more information.

For all students who play in a band, and are interested in performance opportunities, the next MR YIM (Macedon Ranges Youth In Music) Stage is coming up on Sunday 21 August at the Woodend Bowling Club. If you would like to grab a performance slot or be a part of the tech or house/events/socials team please see the poster in the Community section. As per usual, full backline will be provided and students can get up to have a jam together .

Performance time will be based on the number of acts signed up, but usually about 20 minutes each, starting off at 12pm.

Celebrating Student Achievement

Battle of the Bands - *Will Shaddock (Co-Music Leader)*

Last Friday evening, the Macedon Ranges Shire Council's Youth Department (Music In The Sticks, or MITS), hosted the 2022 Macedon Ranges Battle of the Bands at the Kyneton Town Hall.

Of the six bands performing, three of these comprised several SHC students. 'Seventh Circle' with Billy Barclay and Lachie Hyatt, as well as 'The Trentham Trio' with Ameliah Melville, Coen Cursio-Brundle and Malachy Walsh rocked the crowd with shredding guitar solos and smashing drum fills. 'Junkyard Wizards' (who featured an appearance from a real live Pauls Custard Man), consisted entirely of past and present SHC students who performed four original songs to lure the audience into a head-banging frenzy. The Wizards' performance evidently lured the judges into head-banging, as well as walking away with the title of 'Winner of Battle of the Bands 2022'.

Congratulations to Charlie Fox, Dan Nithsdale, Will Shaddock and Harry Fox for your truly spectacular performance. You entertained the 250+ audience attesting to the amazing music program we have here at Sacred Heart!

ELEVATE PARENT SEMINARS

Next week Elevate continue our Term 3 Webinar series with a **brand-new webinar** focusing exclusively on **Essay Writing**, and how parents can help their children become better essay writers at home.

We've had so many requests from parents over these past 12 months for advice on how to help their children with essay writing, so please feel free to send this invite far and wide for next week!

Wednesday 10 August @ 6:30pm (AEST)
How to Help Your Child's Essay Writing

Here's what Elevate will be covering:

- ✓ The importance of goal-setting in essay writing
- ✓ How you can provide real-time support & feedback to speed up the process of improvement
- ✓ How students can begin to self-assess their work so they can become independent writers

[Register for free here](#)

WHEELCHAIR SPORTS - Years 7 - 9

We have been lucky enough to secure the services of Peter Ogunyemi from Disability Sport and Recreation, for two sessions of Wheelchair Basketball for all Year 7-9 students this term.

Peter began his first session by sharing the story of his life, born into poverty in a village in Nigeria, Africa, with Polio. He was able to feel his legs and even 'shake them' a little, but was unable to walk. He overcame the most incredible daily challenges to get himself to a school 3kms away, that sadly did not value his contribution. His parents did the best they could, but life was exceptionally difficult. One day a friend of his made him a set of crutches, allowing him to stand. The greatest day of his life! Another influential friend introduced him to training at the local gym, where he saw an opportunity to develop and grow as a person. As his sense of self worth grew, so did his physicality. This larger than life individual soon developed into a power lifting champion, flying to Sydney to represent his country in the 2000 Olympics.

Peter utilises sport to create a fun and safe environment where students can experience a short period of time without the luxury of legs. He enjoys sharing his story, encouraging students to love who they are, to accept others as they are, to always try their best and be grateful for the opportunities afforded to them simply by living in Australia. He encourages everyone to wake up in the morning, look in the mirror and see someone who is confident, someone who is ready to take on the day.

Without the discovery of sport, Peter believes he would still be on the streets, crawling around without a wheelchair, begging for money and unsure of where his next meal was coming from.

We are so thankful to Peter for sharing his story and imploring us all to embrace life as we know it, because what we see as 'normal' is actually luxury to many.

CHICKENPOX

There has been a diagnosed case of chickenpox within the College.

Chickenpox (varicella) is a highly contagious viral disease, with the main symptoms being a blistering skin rash, low-grade fever, general discomfort and fatigue. As chickenpox is contagious, the College is taking every precaution to prevent further spread of the virus. If your child is unwell and/or has any of the symptoms listed above, please don't send them to school and seek medical attention. If any student at the College is unwell and or is found to have any chickenpox symptoms, they will be isolated and parents/emergency contacts will be called to collect the student.

If you have any questions please don't hesitate to contact Health Centre Coordinator, Jalna Holmes, at the College on 5421 1200

MEDICATION SAFETY REMINDER

Students are no longer able to keep medications in their school bags, lockers or on their person due to safety concerns. To ensure safe administration and storage of medications, any student requiring medication while at school must hand their medication into FIRST AID where it will be stored in a locked cupboard.

Medication needs to be clearly labelled with the students name and in its original packaging. All medication needs to be accompanied by a completed Medical Authority Form. A Medical Authority Form can be found on PAM and on the College website or via this link <https://www.shckyneton.catholic.edu.au/our-college/policies-and-forms>

If you have any questions please don't hesitate to contact Health Centre Coordinator, Jalna Holmes at the College on 5421 1200

MEDICATION AND CAMPS

To ensure safe administration and storage of medications, any student requiring medication while on camp must hand their medication into their homeroom teacher the first morning of camp. All medication needs to be clearly labelled with the students name and in its original packaging. All medication needs to be accompanied by a completed Medical Authority Form. A Medical Authority Form can be found on PAM and on the College website or via this link <https://www.shckyneton.catholic.edu.au/our-college/policies-and-forms>. If you have any questions please don't hesitate to contact Health Centre Coordinator, Jalna Holmes at the College on 5421 1200

SPORTS REPORT

NMR Year 7 BOYS AFL - *Mr Damien Zanic*

Well done to the Year 7 boys, who won two of the three games played and were also very competitive in the game they lost to St Helens. The boys showed a terrific attitude, and worked well as a team throughout. Unfortunately we couldn't go through to the next round, but the future certainly looks bright for the school with these boys.

Game 1 St Helens 5.5.35 d Sacred Heart 1.4.10: Goals: Luke Cameron 1

Game 2 Sacred Heart 5.4.34 d Princess Hill 3.4.22; Goals: Ryder 1 Cameron 1 Sutton 1 Beachy 1 Grainger 1

Game 3 Sacred Heart 11.3.33 d Gladstone Park 1.3.9: Goals: Cook 2, Ed Walsh 2, Beachy 1, Sutton 1, Meadows 1, Durrant 1, Cameron 1, Hamilton 1, White 1

Senior Girls Soccer - *Ms Lauren White*

Monday 1 August saw the Senior Girls travel to Darebin in a second round soccer competition against other Divisional winners. So many talented efforts saw...

- *Speedster Sophie* regularly flying down the wing,
- *Iphone Ivy*, who can do it all, a fabulous player who played through the pain of a bruised foot,
- *Backline Commander Macy*, rallying the troops as the ball entered the defensive lines,
- *Terminator Tessa* destroying many of the oppositions forward balls, sending us back into attack,
- *Make it to every contest Maddi*, busting her gut chasing down loose possessions,
- *Justice Jemima*, always playing fair and checking in with her opponent after a tough clash,
- *Catch me if you can Collins (Lilly)* punishing any ball that made it to her in the goals with the most amazing run and AFL kick to send us deep into our attacking half,
- *Outside Eliza*, who was always in position on the wing to aid our play makers,
- *Far out Freeman (Lila)*, playing in most positions and hitting every contest with ferocity and
- *Always ready to defend and clear the ball Ainslie*, playing a pivotal role in defense.

Congratulations to all the girls who played four games in quick succession, were undermanned, winning one, tightly contesting the other three, and returning home exhausted!
